and comment by the Superintendent, and the Area Director for Education of the Area in which the school is located, but shall not require the approval of these officers. Such review and comment activities shall be carried out concurrently with the Director's processing of the application so that there are no delays in the transmission of the application to the Director. The Director shall develop such application forms and requests for information and documentation as are necessary to prove both loss and the fact that replacement costs are outside the normal budgetary capacity of the school operation at either the local school, Agency or Area levels.

§ 39.75 Disbursement procedures.

Disbursements from the SDCF shall be made only on the direct authorization of the Director, on the merits of each such application received, on a first come, first served basis and in amounts determined at the Director's discretion in accordance with the purposes and expenditure prohibitions set forth in this section.

§ 39.77 Transfer of funds from Facilities Engineering for other contingencies.

In order to reimburse schools for the costs of unforeseen and extraordinary procurement costs and for major repairs of reconstruction resulting from the disaster, the Director may request a transfer of funds from funds appropriated for Bureau Facilities Engineering to the School Disaster Contingency Fund for such purposes. When a separate formula is established by regulation for school maintenance and operations, an appropriate separate contin-

gency fund shall be established to cover such costs.

§ 39.78 Establishment of a formula implementation set-aside fund.

There shall be set aside an amount not to exceed \$2 million dollars to be used during fiscal year 1980 by the Director to facilitate the implementation of formula funding under this part. The fund is to provide the means of adjusting particular local school entitlements which are allocated in error due to underprojections, data error, misclassification of students, and similar reporting errors, or to provide for the initial funding of new schools under the formula, which have been started after the spring ADM counts, without reducing allotments made for other schools. Balances in this set-aside fund shall be apportioned through the formula during the first week in April by the Director or at such earlier time as he or she deems that significant ADM reporting fluctuations have ceased.

§ 39.79 Prohibition.

The formula implementation set-aside fund shall not be used as a discretionary fund by the Director for any purpose, and it shall be allocated solely through the Indian School Equalization Formula.

Subpart G—School Board Training

§ 39.91 Other technical assistance and training.

The provision of funds under § 39.90 of this subpart does not relieve the Director of the responsibility for assuring that adequate technical assistance and training services are provided to school boards to the greatest extent possible.
